### **DETAILED ACTION**

1. This action is in response to applicant's response filed on May 7, 2008. **Claims 1-24 and 26-33** are pending in the present application.

### **REASONS FOR ALLOWANCE**

2. The following is an examiner's statement of reasons for allowance:

The amendment to the claims 1 and 26 has overcome the rejection set forth in the Office action mailed Feb 27, 2008. Further, claim 7 recites an anomaly detection system and limitations for the following: "anomaly detection logic configured to determine when at least one of the tap coefficients fluctuates by at least a specified amount and to detect an anomaly along a telecommunication line based on a detection, by the logic, that the at least one tap coefficient fluctuated by at least the specified amount". The prior art of record does not teach these limitations. Therefore, claim 7 is indicated allowable.

Claims 1, 10, 15, 19, 22, 26 and 31 are essentially similar to claim 7 and hence are indicated allowable.

New search updates reveal no other prior art which teaches the limitations in the context of the claims.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ramnandan Singh whose telephone number is (571) 272-7529. The examiner can normally be reached on M-TH (8:00-5:30).
